

Looking to
THE FUTURE

Norwich School is delighted to welcome pupils from all over the world to our vibrant and dynamic Sixth Form community.

We offer gifted individuals a first-rate education in an outstanding day school, with the opportunity to rapidly improve English language skills in individually-matched homestays.

Our international pupils are wholly integrated into all aspects of school life and are able to take full advantage of the exceptional academic and extra-curricular opportunities that

we offer, whilst also establishing a lifelong connection with the friends they make during their two years here. Our international pupils follow our A Level syllabus, typically studying three subjects to ensure that they are able to take advantage of our broad curriculum and be in a position to apply to universities around the world.

Full details of life in Norwich School Sixth Form can be found in our whole-school Admissions Guide available on our website.

HOMESTAY ACCOMMODATION

Joining us in the Sixth Form at Year 12, our international pupils live with local British host families and are therefore able to become fully immersed in the English language and culture. This homestay scheme has proven to be enormously successful and popular with international pupils, who value the support, knowledge and independence that it offers.

The welfare, happiness and safety of our international pupils is absolutely paramount. An external guardianship company run and

manage our homestay scheme and act as guardians for our international pupils. As one of the most esteemed and respected educational consultancies in the world, we feel that they are perfectly placed to place our pupils with trusted, compassionate and experienced families.

All of our homestay parents have been appropriately interviewed and police-checked and all have a connection to the school, whether as a parent, former parent, member of staff or friend.

ABOUT NORWICH

Norwich is a wonderful fusion of the modern and historic; as well as being the most complete medieval city in the UK. There is a flourishing arts, music and cultural scene – it was England’s first UNESCO City of Literature – as well as superb shopping and a multitude of fine restaurants. Being the only English city in a National Park (the Norfolk Broads), the countryside in and around Norwich is stunning and easily accessible.

The city has established itself as a centre of innovation and learning, with the University of East Anglia ranked 15th by The Times University Guide 2019. The nearby Norwich Research Park also hosts a vibrant community of world-leading scientists. Set in the historic Cathedral Close, in the heart of the city, the school is ideally located for our pupils to take full advantage of the rich academic and cultural life of the city and its surroundings.

With an international airport and rail links to London in under two hours, Norwich has excellent transport links.

CASE STUDIES

"It has been the best two years I have had so far. The school is strong at providing support in all fields. Besides the emphasis on academic studies, we got abundant opportunities to develop our passion within the worlds of art, music and sport.

We learnt the material for our exams not only through books, but also through experimenting, experiencing and encouraging each other."

Aiko Leung from Hong Kong

Aiko will be studying Psychology at UCL (Grades A,A,A)*

"The school allowed me to develop all my interests and discover some more. I love music and I really enjoyed playing and singing in the cathedral. I would really recommend the music department at the school, which encouraged me to establish a barbershop quartet.

Academically, the teachers encouraged us to participate in lessons, and there were plenty of opportunities to discuss things out of class with teachers."

Jeffrey Chung from Hong Kong

Jeffrey sat 4 A Levels (Grades A,A,B,B) and will be studying Psychology at KCL

"We are so grateful to Norwich School and its university advice team. The school's advice was first rate, and they went the extra mile to write to the University of Hong Kong to present positively our son's passion and performance for 2D and 3D Design as well as Business Enterprise."

Parent of Carson Wong from Hong Kong

Carson will study Design at Hong Kong University (Grades A,A,C)*

ADMISSIONS PROCESS
